

The GRETA BUNYIP

"YOUR GRETA & DISTRICT COMMUNITY NEWSLETTER"

EDITION No: 20

FEBRUARY 2014

GRETA FIRE BRIGADE

Brigade Captain: Mal Dinning

Brigade Secretary: Jim Adcock

With us experiencing such hot weather, it's timely we take heed of the following message from our local CFA.

BUSHFIRE PROTECTION MEASURES

Mature trees

Mature trees can help shield against radiant heat and embers. They must be strategically located & well managed

Remove Flammables

Remove flammable items from decks and verandahs, such as boxes, furniture & doormats

Keep grass short

Keep grass cut to less than 10cm. Fire can ignite and travel quickly through long grass

Woodpiles

Keep woodpiles away from the house. Stray fire embers can easily ignite woodpiles

Store Flammables

Store flammable liquids away from the house. Where possible, store in flame proof containers.

Leaves and Twigs

Get rid of dry grass, leaves, twigs and loose bark

Prune shrubs

Prune lower branches of shrubs to separate from surface fuels underneath. Prune shrubs well away from branches of mature trees

Cut back branches

Cut back overhanging tree branches close to house – no branches in 10m space

Garden beds

Do not have large shrubs next to or under windows

Pebbles and rocks

Use pebbles and rocks in your garden (not flammable mulch)
