Safety Tip...

Many of you will be familiar with the CFA FireReady App which provides you with notification of fire events and warnings within a radius selected by you from your home. This is now being modified and will become known as the “Vic Emergency App” and will cover fire, flood, storm and other emergency events. It is anticipated that this new App will be released toward the end of the first week in November. (GCSG)

Greta Community Safety Group News

Our group met again on 31st August and held some good discussion about future activities and importantly settled on a name. It was decided to name ourselves the "Greta Community Safety Group" and to brand all our activities accordingly. In choosing our name much of our talk went to discussing the fact that our activities would not be restricted to just the geographical patch known as Greta but also to surrounding areas.

We are also exploring the possibilities of establishing a community accessible website to advertise our activities and to share ideas.

A welcome is extended to Matt Bolte from Greta West who has joined our group.

As we are now well into Spring it is time to give serious thought to your home and bushfire preparedness as well as paying close attention to the flood advice warnings that are currently in place around our district. To check the seasonal outlook heading into summer, you can go to the Bureau of Meteorology website and view the video. www.bom.gov.au

Our next meeting has been planned for Wednesday 23rd November, 7.30pm at the old Greta School next to the fire station. Any community member is welcome to attend.
